
INTRODUCTION

Chairperson's Message

Dear Fellow Urologists, Colleagues and Friends,

Welcome to UROFAIR 2022! On behalf of our organizing UROFAIR committee and Singapore Urological Association (SUA) executive committee, we want to thank everyone for taking the time to join us in our annual urological conference in Singapore.

COVID-19 has taken away 2 years of face-to-face interaction between us. I'm sure all of us miss the good times when we could meet, and exchange academic and practical urological knowledge with one another. Indeed, most of my urological knowledge comes from these precious conferences which had world-renowned speakers share their pearls of wisdom among colleagues. We are most glad that we are able to meet in person again for UROFAIR 2022.

First, we would like to thank everyone who supported UROFAIR 2022 by sending us their abstracts. I'm sure the effort taken to produce these scientific works must be tedious and painstaking. We sincerely hope that we are able to publish all submitted abstracts in this special edition of CJUI.

Next, we would like to thank our foreign delegates who participated by sending in their abstracts. We really hope to be able to meet everyone in person in Singapore.

As with previous years, SUA is honored to again collaborate with The Canadian Journal of Urology International (CJUI) to publish all accepted abstracts in a special e-abstract supplement to the CJUI. Accepted abstracts will be put up on our app and access will be granted to registered participants of UROFAIR 2022.

I would also like to thank Dr. Leonard G. Gomella, Editor-in-Chief and Dr. Yew-Lam Chong, International Editorial Board member, for their continued collaboration with CJUI.

Last but not least, I would like to thank our SUA secretariat as well as our event organizer and team for helping us with the organization of the abstracts.

Please enjoy UROFAIR 2022!

Best regards,

Dr. Fiona Wu
UROFAIR 2022 Chairperson
